

Rhode Island Energy™

a PPL company

# Docket 23-35-EE Hearing Outcomes

February 1, 2024 RI EE TWG

# Overall Themes

Rhode Island Energy™  
a PPL company

- Critical point in time where we have the opportunity to better align funding sources with benefits (e.g., IRA to support delivered fuels)
- More focus on utility-system benefits
- Starting to look at some things at the measure level
- Refining how to think about Cost of Supply/bill impacts
- EE as the only docket we can look to for bill relief

# Specific Outcomes

Rhode Island Energy™  
a PPL company

- IRA analysis within 90 days (as presented by Toby)
- Disallow EnergyWise Single Family moderate income 100% incentive proposal (while maintaining overall program budget)
- Focus on Delivered Fuels
  - Cost of Supply Analysis changes
    - Views w/ and w/o delivered fuels
    - Intrastate only
    - Calculated at portfolio and program levels
    - Provide "justification" for any program more than the cost of additional supply in the future
  - PIM change
    - Other-resource weighting reduced from 50% to 35%
- Future of Bill Impact Analysis?
- Didn't rule on 3-year plan
- Didn't rule on EERMC targets
