CONSULTANT TEAM

2022 COUNCILOR EDUCATION & ADVANCEMENT MEETING OPTIONS

In 2022 the Consultant Team is proposing to organize one to three Councilor Education and Advancement (CEA) meetings, which will allow members to gather outside of the formal monthly meetings for deeper learning and open discussions. Topics are driven by current priorities and often include a mix of Council responsibilities, timely efficiency planning considerations, and deeper dives into evolving efficiency issues and innovations. All members are expected to attend, and meetings are open to the public.

In February 2022, the Consultant Team surveyed Councilors to collect input on how to design this year's CEA meetings to be most productive and beneficial. The results were provided as meeting materials at the March Council meeting¹. Taking the survey results into consideration, the Consultant Team proposes the following options for Council consideration. Please inform the Consultant Team of your preferences and any scheduling conflicts at or before the April 27th Council meeting.
