

**STATE OF RHODE ISLAND
PUBLIC UTILITIES COMMISSION**

**IN RE: THE NARRAGANSETT ELECTRIC : DOCKET NO.: 25-37-EE
COMPANY D/B/A RHODE ISLAND ENERGY'S :
2026 ANNUAL ENERGY EFFICIENCY PLAN :**

**DIVISION OF PUBLIC UTILITIES AND CARRIER'S THIRD SET OF DATA
REQUESTS DIRECTED TO THE NARRAGANSETT ELECTRIC COMPANY
D/B/A RHODE ISLAND ENERGY**

(Issued November 14, 2025)

DIV 3-1. Please provide a chart similar to Attachment Division 2-14, but include customer contributions in Row 1 (“Yearly expenditure (or budget)(\$000”).

DIV 3-2. Following up on the information provided by the Company to the Division on November 12, 2025 regarding a total \$1.9 million incentive included in the Energy Efficiency Plan budget relating to a “heat exchange” project, please answer the following or provide the requested information:

- a. Where does the Company describe the proposed project and the proposed incentive in the filed plan?
- b. Please provide a detailed, written narrative of the project, including the history of the project, how the Company evaluated the project, and how the Company determined the amount of the incentive. Include with this narrative the following information:
 - i. The electric savings anticipated from the project.
 - ii. When and how the incentive payment will be made, including any payment schedule and/or any milestones that must be met prior to any payment.
- c. Please provide a copy of the Technical Assistance study for the project completed by the Company or under its direction. Please also provide a copy of any other studies, screenings, cost effectiveness analyses, or evaluations relating to this project in the Company’s possession.
- d. Please provide an explanation as to how the project qualifies for an incentive through the Energy Efficiency program.
- e. Please provide a copy of any written guidelines or screening criteria that the Company utilizes to evaluate “heat exchange” projects.
- f. Did the Company evaluate or screen the project through any other programs or incentives, such as the CHP program? If so, please provide a written description of the results of that evaluation or screening and provide a copy of any written reports or evaluations.
- g. Has the Company offered any other incentives for “heat exchange” projects through the Energy Efficiency program? If so, please provide a listing of all such projects since 2020, including the amount of the incentive paid for each project. Please provide a

copy of any written Technical Assistance studies, screenings, or other written evaluations relating to any such projects.

- h. Has the Company rejected or declined to provide an incentive for any “heat exchange” projects since 2020? If so, please provide a listing of all such projects. Please provide a copy of any written Technical Assistance studies, screenings, or other written evaluations relating to any such projects.

DIV 3-3. Please provide a chart showing the annual program cost for the Renewable Energy Growth Program, Long-Term Contracting, Net Metering, and Renewable Energy Standard compliance cost from 2014 through an estimate for 2026. (If costs are not yet known for any year, please provide projected or proposed costs, if available.) For clarity, please complete the below template:

Year	12-Months ending 3/31 REG	Calendar Year Long-Term Contracting	Calendar Year Net Metering	RES Compliance Cost	Total Annual Cost
