1. Call to Order

Chair Oakley called the meeting to order at 3:08 p.m.

2. Chair Report

Chair Oakley began by sharing the meeting instructions for making public comment. He stated that today's meeting will include both program oversight and council business and previewed the agenda. He noted that the State's energy efficiency program administrator procurement was cancelled on the State Purchasing website and that the Council is waiting for additional information before making any statements on the subject.

3. Executive Director Report

Mr. Chybowski with the Office of Energy Resources (OER) provided an update on the Home Electrification and Appliance Rebates (HEAR) program.

4. Meeting Minutes

This item was held as there was not a quorum at the start of the meeting.

5. Public Comment

Emily Koo, Acadia Center

Ms. Koo encouraged the Energy Efficiency Council (EEC) to seek out more information and provide transparency on the third-party program administrator process and flagged for the Council's awareness that energy efficiency was discussed during the winter pricing volatility hearing at the Public Utilities Commission (PUC) earlier this week.

6. Program Oversight

- a. *Rhode Island Energy and Consultant Team Presentation on Q3 2025 Program Implementation*

FULL COUNCIL MEETING MINUTES

Thursday, November 20, 2025 | 3:00 – 5:00 PM

Department of Administration Conference Room 2A, Providence, RI 02908

Mr. Johnson of the Council's consultant team and Mr. Makuch of Rhode Island Energy provided the presentation outline and key takeaways from the efficiency programming through the third quarter of the year. They provided bubble charts demonstrating the size of program and share of the portfolio savings goals. The presentation included data on the savings for both the electric and gas portfolios. Mr. Caesar of the Council's consultant team presented on the Electric C&I Savings and Mr. Makuch provided information on the C&I context. Council Member AnderBois asked about previous Opportunities Studies. Chair Oakley suggested having the commercial and industrial Council member representatives join in meetings with RIE to share perspectives and suggestions for improving program performance. He suggested that the Council could consider policies to require weatherization during a tenant transition, and that a weatherization audit would be mandated to obtain a certificate of occupancy. The Council discussed revisiting this idea when it discusses its recommendations to the General Assembly at the start of the new year.

b. Regulatory Updates

Mr. Johnson updated the Council on upcoming docket proceedings, including Vice Chair Gill Case's testimony and the Consultant Team's testimony in the efficiency docket. He summarized the comments and data requests that have been submitted to-date. Mr. Johnson explained the next steps with the docket schedule and shared how people can access the proceedings live or watch the recording afterwards. The Consultant Team will summarize key points of the proceedings, either in a memo or video with highlights for the Council afterwards. Mr. Feldman of RIE addressed a statement in Council Member Gill Case's testimony regarding RI Energy's Performance Incentive Mechanism (PIM), stating that the PIM is based on actual performance and is not impacted by the goals set.

7. Council Business

a. Consultant Team Presentation and Council Discussion on Setting 2027-2029 Energy Efficiency Targets

Mr. Johnson outlined the legislative requirement for the Council to set EE program targets and explained the purpose of the targets. He provided an overview of the resources that the Consultant Team can consult for developing these targets and the next steps in this process for the Council. The deadline for the targets is March 1st, but the Council can request an extension if necessary, as that date gets closer.

Council Member Teichert motioned to revisit Agenda Item 4, Meeting Minutes. Council Member AnderBois seconded. All in favor, none opposed.
